

SAN LUIS VALLEY RURAL ELECTRIC COOPERATIVE, INC.  
ELECTRIC RATE TARIFF  
Schedule LP-A

**Revenue Class:** 05  
**Rate Code:** 50, 55

**Applicability**

Applicable to large power users for all types of usage where the Demand Charge is greater than 45 kW and up to 500 kW. Consumers whose monthly billing demand does not exceed 45 kW will be transferred to the appropriate general service rate for a period of 12 months.

**Type of Service**

Single-phase or three-phase, 60 Hz, at Cooperative's available secondary voltage.

**Customer Charge**

Per meter per month	<u>Rate</u> \$80.00
---------------------	------------------------

**Demand Charge**

Per kilowatt(kW)	<u>Rate</u> \$10.67
------------------	------------------------

**Energy Charge**

Per kilowatt-hour (kWh)	<u>Rate</u> \$0.076
-------------------------	------------------------

**Determination of Billing Demand**

The billing demand shall be the highest 15-minute demand during the billing month.

**Conditions of Service**

1. Motors having a rated capacity in excess of five (5) HP must be three-phase.
2. Both power and lighting may be billed at the foregoing rate.

This tariff is subject to SLVREC's Electric Service Terms and Conditions. The Electric Service Terms and Conditions tariff is available upon request.
